

EYELET

FIG TREE & CO.
by Joanna Figueroa

Introducing my newest adventure, the EYELET basic fabric rainbow. You might recognize it as my favorite little print that I have used in the last 4 collections. You guys have loved it and asked for it as it has always been the first fabric to sell out from each collection!! So here it is. A Fig Tree staple that you will want to have on hand for years to come. You can use this in pretty much every single Fig Tree project ever, augment so many other Fig Tree lines and I do think we all need to be hoarding a bunch of these in case they don't all end up being re-ordered. Hint, hint... if we love it as much as I think we will, then maybe it will stick around forever as a MODA basic collection. So let's show this rainbow some love!
